MEMORANDUM FOR THE RECORD

SUBJECT : Content of Preliminary Reports to 303 Committee

1. Dr. Wheelon has requested that the Preliminary Reports to the 303 Committee prepared by DD/S&T on each overflight operation contain only that information which pertains to the operational aspects of the mission.

2. Specifically, the text of the reports should drop any references to the results of the readout of the photography acquired. The reports may, however, incorporate selected photography and references may be made to the quality of the acquired photography. Other elements to be included in the reports are the success of the mission in covering the scheduled COMOR targets, the performance of the aircraft systems,

[REDACTED]

3. Given the above guidance, there will be no requirement for coordination with the DD/I.
